

Microsoft Windaz 2000

Microsoft wants to help YOU on Tyneside. Don't be forced to use confusing English software apps. Due to be released before Christmas, the Geordie version of Windows 2000, entitled *Windaz Too Thousand* will hit the shops.

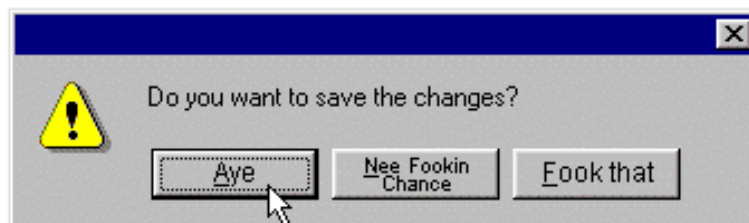

The 'Start' button has been replaced

The 'Recycle Bin' has been named something more fitting

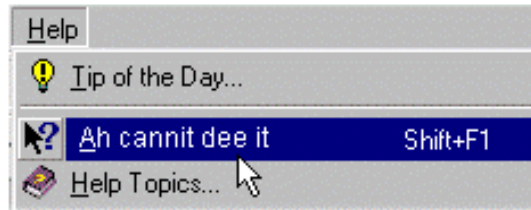

'Control Panel' also has a new name

The [C:] drive is now called this instead:

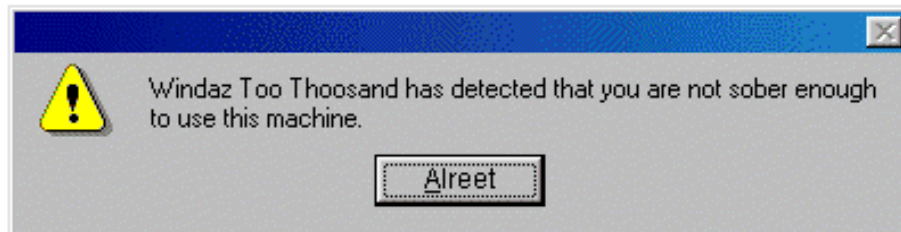

'Yes', 'No', and 'Cancel' are no longer used

**'Help Topics' has
been replaced**

**'My Documents' folder is
renamed also**

**The computer no longer makes you click
an American 'OK' but a proper Geordie 'Alreet'**

**Exclusive Programs Available
With Windaz Too Thoosand:**

Addin Masheen

Cullarin Book

Tipe Rita

Porn

**Order your copy
today for just two months
worth of Dole money!**
